WELCOME TO YOUR NEW VOLVO!

Getting to know your new car is an exciting experience.

Please browse through this Quick Guide to enjoy your new Volvo even more. For detailed information, please refer to your Owner’s Manual.

Warning texts and other important information are only provided in the regular Owner’s Manual - not in this folder. The Owner's Manual contains the most up-to-date information.

Optional features are marked with an asterisk (*).
Trip odometer. To measure distance the car has two independent trip odometers T1 & T2 always running.
Press (A) for 2 seconds to reset displayed odometer.
Quickly press (A) to toggle T1/T2.

Fuel gauge. Fuel filler lid location arrow.

Fuel warning symbol. Lights in display when 8 litres fuel remain (diesel models: 7 litres).

**KEY & REMOTE**

<table>
<thead>
<tr>
<th>Action</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Locks</td>
<td>door/boot and activates alarm.</td>
</tr>
<tr>
<td>Unlocks</td>
<td>doors/boot and deactivates alarm.</td>
</tr>
<tr>
<td>Unlocks</td>
<td>the boot.</td>
</tr>
<tr>
<td>Lights up</td>
<td>sideview mirrors/approach lights and interior, foot, number plate, indicator and parking lights.</td>
</tr>
</tbody>
</table>

“Panic” button. Press for 3 seconds in an emergency situation.

Automatic relock occurs if no door/boot is opened within 2 minutes after unlock.

### START

1. Place the remote in the ignition slot.

2. Gently push the remote. The remote is pulled into position.

3. Depress clutch or brake.

4. Simply press START/STOP button to start the engine.

When cold starting, your engine will idle at a higher speed for a short time.

### STOP & REMOVE REMOTE

1. Park the car and push Start/Stop button to stop the engine.

2. Gently push the remote. The remote ejects. Automatic transmission must be in position P.
**PERSONAL CAR COMMUNICATOR, PCC® WITH KEYLESS DRIVE**

- **Monitor the car** within range by pressing the button and wait for only 5 seconds. Press when out of range, the PCC remembers if the car is locked or unlocked.

  - **Green light**: The car is locked.
  - **Yellow light**: The car is unlocked.
  - **Red light**: The alarm has been triggered.
  - **Flashing alternating red lights**: Someone might be in the car.

## KEYLESS DRIVE START

1. **Enter the car with the PCC e.g. in your pocket.**

2. **Depress clutch or brake.**

   - Simply press **START/STOP** button to start the engine.

   When cold starting, your engine will idle at a higher speed for a short time.

## STOP

- **Park the car and push Start/Stop button to stop the engine.**

**NOTE**

- With keyless drive the PCC just needs to be in the car. Keep the PCC e.g. in your pocket all the time. The car unlocks automatically when you open the door.

- When you have parked the car just close the door and press the outside door handle button to lock the car.

## ADJUSTING THE STEERING WHEEL

**WARNING!** Do not adjust steering wheel while driving.

## REFUELLING

- **Push to open fuel filler lid.**

**Note:**

- When refueling, ensure the fuel pump nozzle is fully inserted into the fuel filler neck.

- Do not overfill the fuel tank to prevent fuel spillage.
AUTOMATIC CONTROL

AUTO mode maintains all controls and makes driving easy with optimised air quality.

1. **Adjust the temperature** by turning. The set temperature is displayed.

2. Press AUTO for automatic temperature control.

MANUAL CONTROL

- **Blower speed.**
- **Air distribution.**
- **Defroster** to quickly remove mist on windscreen and side windows.
- **Air quality.** OFF/AUT/Recirculation.
- **AC**
- **Air Conditioner** ON/OFF.

STORAGE COMPARTMENTS. 12 V POWER OUTLETS & AUX

The power outlets in front/rear centre console operate in ignition mode I. The power outlet on the right-hand side in the boot* is always active.

NOTE

Use of the 12 V outlet in the boot with engine off can drain the battery.
The controls for Road Traffic Information are easy to reach behind the steering wheel while driving. The RTI also comes with a remote.

Press ENTER to start the system.
